Richmond, Jan. 15.

Virginia Legislature.

On Saturday the House of Delegates
resolved itself into a Committee of the
Whole on the state of the Commonwealth
on the interesting question of a Con-
stitution of the people—Mr. Mercer, of L. in
the chair.

The Memorial of the Stanton con-
vention was first read, then the Counter
Memorial of the Minority of that Con-
vention, and finally the Report of the
Select Committee on that Memorial.

It will be recollected, that this Report
was presented by Mr. Doddridge, two or
three weeks ago, that it points out the
inequality in representation and land
taxation which arises out of the present
constitution and laws, and recommends
at the same time that the sense of the peo-
ple be taken during the next spring as to
a convention, or No Convention, and
if a majority of the people be found in fa-
vor of a Convention for certain specified
purposes that the fact be announced by
proclamation from the Executive, and the
Convention called.

When these papers were read, Mr.
Smythed Wythe rose to address the Com-
mittee.—He spoke for at least two hours,
examining the five following proposi-
tions:

1st. Does the existing constitution im-
pair the rights of the majority of the
people?
2nd. Can another constitution be formed
more just, securing the rights of all,
and better adapted to the condition of so-
ciety?
3rd. Have the defects of the constitu-
tion been acknowledged by a majority of
the people?

4th. What ought to be done by the
Legislature under existing circum-
stances?
5th. Who ought to vote, for delegates,
if a convention be called?

On the 1st proposition, Mr. S. con-
tended, that the Memorial of the Stanton
Convention had sufficiently demonstrated
the inequities inflicted by the existing con-
stitution on the rights of the people, par-
ticularly in the inequality of repre-
sentation. That every part of the common-
wealth above the water was injured by the
unequal representation in the de-
partment.

In discussing the 2d proposition, he
attempted to point out the practical
difficulties sustained by the West from the
present constitution, the dispropor-
tionate taxation to which this had been
subjected, except the land tax, which he
contended was not their fault, but the
fault of time only; the comparative few-
ness which the Western people had in-
dured—He pointed out as objections to the
present constitution, as it respected the
collection of the Executive, the Leg-
islature, and the Judiciary branches; and
finally concluded that in all these
respects a constitution might be framed
with the rights now diffused before us,
more calculated to secure the rights of
the people and better adapted to the con-
dition of society.

On the 3d proposition, he contended
that not only a majority, but that every
man in the community, had acknowledged
that there was some defect or other in the
present constitution.

As to the 4th, he contended that the
present Legislature ought to pass a res-
olution to submit the present constitu-
tion to the people, and appropriate money
towards paying the expenses of a meeting
of the Convention. He said he was in fa-
vor of calling a Convention immediately
with unlimited powers, while we are in a
state of pre-announced tranquillity, & while
some of the wise men of the last age are
yet living to shed their light upon a new
Constitution, as Mr. Jefferson, the pre-
sent President of the U. S. the Chief Jus-
tice of the U. S. & the late Governor of
Virginia.

And lastly, he contended, that the
power of voting for members of the con-
vention ought not to be confined to the
freeholder, the power of the son, but
ought to belong to every free man in the
community, who enjoys equal civil rights,
had a free will of his own, and a fixed
residence for a year.

With these suppositions, he begged
leave to offer certain resolutions to the
Committee, by way of substitute to the
concluding resolutions of the Report of
the Select Committee.

His resolutions go, 1st to submit the
constitution to the convention of the people,
to be changed or confirmed at their plea-
sure.

2d. To declare the right of every
free and lawful citizen of this Common-
wealth, who shall have resided one year
in the county, city, etc. to vote in a Re-
presentative to the convention; and the
right of every free and lawful citizen
of this Commonwealth to be eligible to
the Convention.

3d. That each county, city, &c. now
entitled to a Representative in the Leg-
islature, should elect one Representative to
the Convention for each hundred
militia within the same, &c.

4th. The elections to be held at the
same places, etc. as the delegates to the
Assembly.

5th. The elections to take place in the
month of March next, on the day ap-
pointed by law for holding county or
corporation courts, respectively; the per-
sons so chosen to assemble at the Cap-
itol in Richmond in the next, then
and there to hold a Convention.

6th. 5000 copies of these resolutions
be printed and distributed, and the
convention to declare by proclamation
number of representatives to which the
county, etc. shall be entitled to.

When Mr. Smith closed the Con-
ference room, and 2500 copies of a resolution
were ordered to be printed for the mem-
bers.

From the Georgia Journal.

A section of our new and
terrible, under very severe conditions,
introduction of slaves into the state,
negro traders for special sale, subject
to a fine of 1000 dollars and to five
years imprisonment in the Penitentiary,
person who shall bring into the state
slave, and sell, or offer for sale, or
slave within one year thereafter, with
exception only of emigrants from
other states, who are allowed to land
with them, and dispose of as they see
fit, proper, slaves who are then
side property. It will be observed, that
the section above alluded to, does not
prohibit residents of this state, or who
from bringing negroes into the state for
use, but subjects them to the severe
penalties of the act, if they either offer
for sale within a specified time, or
legislature of Georgia have passed a
law prohibiting altogether the
importation of slaves into that state, to
except such as belong to emigrants. Say
brought into S. Carolina contrary to the
law, are forfeited to the state, one half of
value to be paid to the importer; the
person bringing them is liable to be
fined and hard for the first offence
condemned declared for sale. The
owner of any such slave subject to a
fine of four hundred dollars. Persons
bringing slaves in other states, will be
subject to the operation of the act, if they
attempt to bring them through Georgia,
unless they be carrying them in some
case they are required to have a cer-
tificate given by the clerk of the court
from which they have removed, contain-
ing the number, name, and description of
the slaves intended to be carried through
the state, and the place to which they in-
tend removing and sending; which certificate
the person removing, before bringing
negroes within the limits of South Car-
olina, is required to produce before a ju-
dice of the peace and clerk of the court
of common Pleas and sessions of the
state, and make oath before the Magis-
trate and clerk that he will not sell,
barter or hire his slaves within the state,
or suffer them to remain therein, longer
than six days. Every person making
return to the tax collector as required
to send them into the state, contrary to
the law authorizing their importation, the
last clause will perhaps prove the most
effective preventative.

Committee appeared before them, and to...
a subsequent note from the chairman...

From this letter it appears, that Mr. Lloyd...
does not state so broadly as we...
had supposed merely from hearing it...
that the specie payment then due to the...
Bank, could not, from the resolu...
tion adopted by the directors, be evad...
ed or postponed; but that he gives it as...
his opinion that the second instalment...
generally, will be much more punctually...
paid in consequence of the resolution to...
discount, than would have been the case...
without it, and that the ability and re...
sources of the Bank would be promoted by...
the adoption of that resolution—re...
spectively which especially if the...
notes discounted are paid at maturity...
as is provided for, in specie or bills of...
the Bank of the United States, no man...
shall conversant with the subject, it is...
assumed, can for a moment doubt.
It has been apprehended by some, that...
arrangement made by the bank, which the...
has been the subject of debate in the...
House of Representatives would have a...
tendency to enhance the value of specie...
in market. We have the satisfaction to...
learn from unquestionable authority...
that the reverse is the fact, the conse...
quence having been to reduce the premi...
um on specie in Philadelphia from eight...
to five per cent, within a few days.

JAMES KENNEDY & SON,

BOOKSELLERS, KING STREET,
Have just received from LEE'S PATENT MEDICINE Store, No. 46 Maiden Lane, N. York.
A FRESH SUPPLY
Of the following genuine Medicines.
For the prevention and cure of Bilious and Malignant Fevers, is recommended.

Hahn's Anti-Bilious Pills

THIS Medicine has been attended with a degree of success highly grateful to the inventor's feelings, in several parts of the West Indies, and the Southern Middle States, particularly in N. York, Philadelphia, Baltimore, Petersburg, Richmond, Norfolk, Edenton, Wilmington, Charleston, and Savannah. The testimony of a number of persons at each of the above places, can be adduced, who have reason to believe, that a timely use of this salutary remedy has, under Providence, preserved their lives, when in the most alarming circumstances.

Facts of this conclusive nature speak more in favour of a medicine than columns of pompous eulogy, founded on mere assertion.

It is not, indeed, presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience, for believing that a dose of these Pills, taken once in every two weeks, during the prevalence of our bilious fevers, will prove an infallible preventative; and further, that in the earlier stages of those diseases, their use will very generally succeed in restoring health, and frequently in cases extremely desperate, and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by persons in every situation, and of every age. They are excellently adapted to carry off superfluous bile & prevent its morbid secretions—to restore & amend the appetite—to produce a free perspiration and thereby prevent colds which is so of ten of fatal consequences. A dose never fails to remove a cold if taken on its first appearance—they are celebrated for removing habitual costiveness—sickness at the stomach and severe head-ache—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.

HAMILTON'S WORM DESTROYING LOZENGES.

Which have cured an immense number of persons of both sexes, of every age and in every situation, of various dangerous complaints arising from worms, and from obstructions of the bowels in their stomach and bowels.

This medicine bears no analogy whatever to others of similar titles so commonly complained of, as operating with violence; on the contrary, a particular excellence of this remedy is its being suited to every age and sex. It contains nothing but what is constitutionally innocent, and is also mild in its operation, cannot injure the most delicate pregnant lady or the tenderest infant of a week old, should no worms exist in the body; but will, without pain or griping, cleanse the stomach and bowels, of whatever is foul or offensive, and thereby prevent the production of worms, and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross humors and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used on any occasion.

DESCRIPTION OF WORMS.

And the symptoms by which they are known:

Worms which infest the human body, are chiefly of four kinds, viz.—The Terebra, or large round worm; the Ascarides, or small maw-worm; the Cucurbitina, or short, flat, white worm; and lastly, the Tenuia, or tape-worm, so called from its resemblance to tape. The first is often many yards long and is full of joints. It is most hurtful and most difficult to remove.

Among the symptoms attending worms are—disagreeable breath, especially in the morning; bad and corrupted gums itching in the nose, and about the seat of convulsions, epileptic fits, and sometimes privation of speech; starting and grinding of the teeth in sleep; irregular appetite, sometimes loathing food, and sometimes voracious; purging, with slimy & fetid stools; vomiting; large and hard belly; pains and sickness at the stomach; slow fever, with small and irregular pulse; a dry cough; excessive thirst; sometimes pale and unhealthy countenance, and sometimes the face coated and flushed.

Persons afflicted with any of the above symptoms, should have immediate recourse to Hamilton's Worm Destroying Lozenges, which have been constantly attended with success, in all complaints similar to those above described.

A dose of this medicine given occasionally during the warm season, will effectually prevent the vomiting and purging of chint—a dreadful disorder, which annually destroys the hands of the infant part of our citizens. It is likewise the quickest and most certain

remedy known, and has restored health and strength a great number of persons in an advanced stage of this fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

Hamilton's Essence and Extract of Mustard.

A safe and effectual remedy for acute and chronic rheumatism, gout, asthmatic, palsy, lumbago, numbness, white swellings, chilblains, sprains, bruises, pain in the face and neck, &c.

The Genuine Persian Lotion.

ROBBERY.

On the night of the 6th of December, 1816, the Exchange Office of the subscriber, Bridge street, Georgetown, from appearances by a false key, was robbed of the following property, in specie, consisting of dollars, change, American and English gold, about 200 dollars; bank notes, mostly three dollar notes of the bank of Washington, and some small tickets, together about 30 dollars, a one pound note of the bank of England, and one hundred and sixty four lottery tickets as per numbers below. The lottery tickets can be of no use to the persons taking them, and an attempt to pass them would only lead to a detection, it is therefore hoped that the person or persons who took them, will return them to the subscriber through the Post Office at Georgetown. A liberal Reward will be paid by the subscriber for any information that may lead to the discovery of the persons or a recovery of the property. All keepers of lottery offices in the United States will please to keep a list of the numbers of the following tickets, as it may lead to a discovery of the theft.
